This Month

Themes:

Valentine's & Friends

Dental Health, Construction, Dinosaurs

Letters:

Ll, Uu, Ww & Yy

Note:

There were many highlights during the month of January, including celebrating Dr. Martin Luther King, Pajama Day, and a visit from the Children's Museum of Richmond for a Dinosaur Discovery! We also focused a great deal on the effects of winter, with the changing temperatures and on our environments. We acquired our very own 'passports' and traveled to China (one of the countries we shall be studying this year). I think Sofia and I have more fun than the children!
